

Information Technology Graduates – Interns / Trainees - Information Systems Auditors

We are one of the leading professional services firm known for our innovative learning and career development programs. Being a member firm of Deloitte Touche Tohmatsu (Deloitte), one of the big four professional services firm in the world, we use Deloitte's global technology enabled tools for audit, assurance and enterprise risk services clients. Our people work in an environment of shared values that include high level of ethics and integrity and world class technical standards, and we are dedicated to helping our clients and people excel.

We are offering exciting opportunities for recently qualified **IT - Graduates** to work as an **Interns or Trainee Information Systems Auditor** in our Enterprise Risk Services department (Karachi Office). The **Information Systems Auditors** are involved in varied and challenging assignments, covering Information Systems Audits, Information Systems Security Reviews, Review and development of IT Security Policies and Business Continuity & Disaster Recovery Plans, ERP pre and post implementation review and other IT consulting assignments.

We are looking for candidates having Bachelors and/or Masters Degree in Information Technology with excellent academic track record. Candidates having CISA, CISM or any other major IT certifications will be preferred. The prospective candidates should have good theoretical knowledge of Networks, Databases and Software Engineering. They should also possess good communication & interpersonal skills and should have a strong client focus. Knowledge of Financial Accounting/Management will be a plus.

To apply, please email your CV along with a scanned photograph (pasted on the CV) to pkhumancapital@deloitte.com by April 10, 2010.
